Discipline Policy

Developmentally appropriate positive methods of discipline which encourage self-control, self-direction, self-esteem and cooperation shall be used at all times.

Children under the age of three years will not be given time outs, but rather be redirected and encouraged positively.

Children over the age of three will sit down with a provider for three minutes to talk about what they did to earn a time-out and what to do when they return to activities.

No forms of corporal punishment will ever be used.
